About us

Who we are

Alan Boswell Group is a group of companies providing specialist insurance broking and risk management advice and services. We also have a substantial financial services and financial planning operation.

Insurance has been our business for more than 35 years. In that time we've offered advice and support in a range of industries to reduce and insure against the risks they face. Our clients trust us to protect their businesses, so providing risk management solutions was the natural next step. That's why, in 2016, we established Alan Boswell Risk Management to help meet the ever-increasing demands placed on UK businesses.

Risk management is relevant to all businesses, large or small. In fact, by law, health and safety arrangements must be put in place and recorded in writing if you employ five or more people.

Meeting your moral and legal obligations should not be a tick-box exercise but an opportunity to understand your business, mitigate your risks, reduce exposure, ensure your employees are safe and healthy at work and demonstrate your commitment to maintaining that environment.

"Providing risk management advice makes good sense for our clients. By helping proactively manage risks we can help reduce accidents, incidents, claims and insurance premiums."

*Gavin Dearsley, Director,
Alan Boswell Risk Management*

A tailored service to meet your needs

Our highly qualified, professional risk management advisers have many years of experience in the risk management industry. They will develop a long-term relationship with you in order to thoroughly understand your business and concerns.

We tailor risk management services and solutions that complement your insurance packages and help you comply with your legal requirements. Over time, we will work with you to enhance your understanding of risk management techniques. We can also provide guidance to both staff and management, allowing you to become more self-sufficient.

Rest assured we will only ever be a phone call away if you need an independent, specialist opinion.

As well as having a wealth of varied experience, all of our advisers are Chartered Members of the Institution of Occupational Safety and Health (CMIOSH). They can offer many specialist services from general health and safety advice to specific technical guidance.

Risk Management Services

Protecting your business

We know that all businesses face a wide variety of risks every day. From fire and security to motor and business continuity, there's plenty to be aware of.

By offering straightforward information, advice and support, we'll help you successfully manage those risks.

Training

We believe in high quality training and great service so each training course we offer is delivered by one of our skilled Risk Managers. We offer a wide range of courses in different formats to meet the needs of your company and staff.

Training options

IOSH Managing Safely – (3 day course)

The Managing Safely course is aimed at managers and supervisors. It covers the basics of Health & Safety in an interactive, jargon-free environment. Delegates who complete this course will have the knowledge and skills they need to manage health and safety within their teams.

The course focuses on safety responsibilities, hazard identification, assessing and controlling risks, accident investigation and measuring performance.

This course is held quarterly at one of our offices or training venues. Alternatively, courses can be arranged at your premises on a date that suits you.

Benefits include:

- Gaining a recognised qualification that demonstrates your commitment to safety
- Provides managers and supervisors the confidence to drive health and safety performance within their teams
- Enhances your reputation with clients and customers
- Improving safety culture can aid in reducing time off, down time and accidents
- Helping staff development

Prices for IOSH Managing Safely start at £550

“Staff training is key to any Health and Safety management system. Our range of training services allows us to provide appropriate and cost effective training solutions for our clients”

*Michael Farrow, Risk Management Adviser,
Alan Boswell Risk Management*

E-Learning

An efficient and cost effective solution to ensure that your staff receive quality training while fulfilling your legal responsibilities, E-learning is a great option for businesses with high turnaround of staff, seasonal staff, mobile workers or multi-site locations.

All of our courses are approved by The Royal Society for the Prevention of Accidents (RoSPA). All students receive a certificate upon successful completion of each module test.

The easy-to-use online portal allows managers to track staff training records, assign courses, add new users and print certificates. We provide full training on use and ongoing technical support if required.

Courses include:

- Manual Handling
- Working at Heights
- Fire Marshal
- Driver Safety
- Food Hygiene
- Asbestos Awareness
- DSE
- GDPR
- COSHH
- Legionella

Plus many more...

Prices for E-Learning packages start at £250

Bespoke Training

Many businesses are unique and an off the shelf training course is not always the most suitable choice. Here at Alan Boswell Risk Management, we can tailor courses specific to your industry, staff and equipment.

We offer “Train the Trainer” courses, which provide companies with the resources and skills to deliver their own staff training.

All delegates will receive a Certificate from Alan Boswell Risk Management to confirm they have completed the course and are now suitably qualified.

Prices for Bespoke Training packages start at £325

Please note, all prices exclude VAT
